Introduction

These instructions provide guidance for completing and submitting the forms required to request reimbursement from the National Deaf-Blind Equipment Distribution Program (NDBEDP) fund, which enables reimbursement for services and equipment provided to deaf-blind individuals.

NDBEDP is a program mandated by Section 105 of the Twenty-First Century Communications and Video Accessibility Act (CVAA) and it provides funding of up to \$10 million for the distribution of communications equipment to low-income individuals who are deaf-blind.

The Pilot Program was established on July 1, 2012, and the Permanent Program began on July 1, 2017.

Submission Guidelines

Completion Requirements

The request form must be completed with an authorized signature and supporting documentation, as needed. Requests that are missing an authorized signature or support documents will not be accepted. Requests with inadequate supporting information will not be processed until adequate documentation is provided. See [Finalizing the Request Summary](#) and [Providing Supporting Documentation](#) for more information.

Constraints

The NDBEDP requires the following constraints, as outlined in the *Cost Categories for Eligible Expenses* appendix.

- Administrative reimbursement is capped at 15% of the total or adjusted program year allocation.
- State and Local Outreach reimbursement has a soft cap of 10% of the total or adjusted program year allocation. Outreach expenses exceeding 10% must be approved in advance by the NDBEDP Administrator.
- Train-the-trainer reimbursement is capped at 2.5% of the total or adjusted program year allocation.
- Consumer travel reimbursement requires prior NDBEDP Administrator approval for interstate travel.

For a list of eligible and ineligible expenses, see [Cost Categories for Eligible Expenses](#) and [Expenses Not Reimbursable by the NDBEDP](#) in the appendix.

Filing Frequency

Each entity may submit one request per expense period. All expenses for a period must be included within the request for reimbursement for the period submitted.

The reporting frequency for submitting the Reimbursement Request can be chosen by the reporting entity to be monthly, quarterly, or semi-annually. Changes to the existing frequency must be requested by email prior to July 1 to be effective in the next program year.

Submission Schedule

Requests for reimbursement must be received by Rolka Loube within 30 days after the close of the period in which the expenses are incurred.

Table 1 Filing Frequency and Submission Schedule

Filing Frequency	Expenses From	Request Must Be Received
Semi-Annual	January – June	July 30
Semi-Annual	July – December	January 30
Quarterly	January – March	April 30
Quarterly	April – June	July 30
Quarterly	July – September	October 30
Quarterly	October – December	January 30
Monthly	January	January 31 + 30 days
Monthly	February	March 30
Monthly	March	April 30
Monthly	April	May 30
...
Monthly	December	January 30

Late or Off-Cycle Submissions

- Submitting a reimbursement request late will result in a delay in payment.
- An individual expense incurred in a previous period may be submitted in the current period with an explanation.
- An expense in a future period may not be submitted. For example, an invoice dated April 2nd may not be submitted in the January-March reporting period even though the invoice is in hand and may already have been paid during the compilation of the January-March Request.

Revisions to Requests

If a request needs to be revised, a new Reimbursement Request must be submitted along with supporting documentation relevant to the changes. Previously submitted supporting documentation should not be resubmitted unless impacted by the revision.

Submission Process

1. Download necessary forms, filing instructions, and additional information regarding the program from the Rolka Loube website at <http://www.rolkaloube.com/programs/ndbedp/>.
2. Fill out an [Authorized Signer Form](#) and a [Banking Information Form](#) for new entities or for existing entities who have changes to authorized signers or banking information.
3. Upload completed and signed forms and supporting documents to BOX as described in [Submitting Forms and Documentation](#). Do not submit any reimbursements or documents with confidential or Personally Identifiable Information (PII) via unsecured email.

4. You will receive a confirmation email when your submission is received. If this email is not received, contact Rolka Loube for a status check. See [Support](#) for contact information.
5. Email notifications of Reimbursement Request status will be generated for the following:
 - a. Request received and under review
 - b. Request has issues that need to be corrected including additional failure notes
 - c. Payment recommendation has been sent to the FCC
 - d. FCC payment approval received
 - e. Payment issued

Before Submitting a Request

New reporting entities, or those with changes to authorized signers or banking information, must submit the following forms before submitting requests for reimbursement:

- Authorized Signer form
- Banking Information form

Authorized Signer Form

New entities, or existing entities who have a change in authorized signers, must submit the Authorized Signer form.

The primary signer must be a chief executive officer, chief financial officer, or other senior executive who is attesting to having reviewed and approved the Request Forms. The primary signer may then designate up to three other authorized persons within the organization who may sign the Request Forms attesting to having reviewed and approved them.

For questions about this form, please call 717-585-6605 or email NDBEDP@rolkaloube.com

Figure 1 Authorized Signer Form

To complete the authorized signer form:

1. Select the program name from the drop-down list – if the company name does not appear within the drop-down list, contact Rolka Loube.
2. Enter the Name, Title, Email, and Date Signed for the authorized officer.
3. Enter the Name, Title, Email, and Date Signed for each of the authorized representatives.
4. Print the form and use a wet signature for the authorized officer's signature and authorized representatives' signatures.
5. Upload the signed form to Rolka Loube as a PDF.

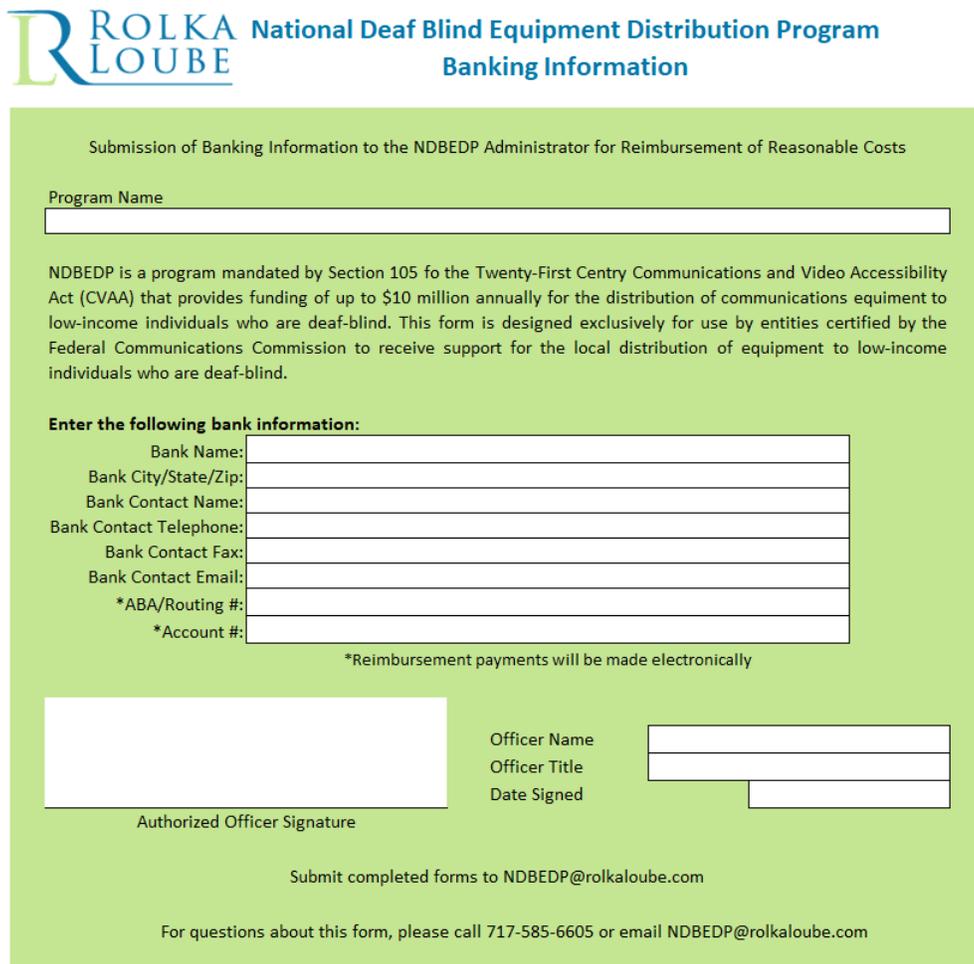

Note: If an additional person is assigned responsibility for approval after submission, a new Authorized Signer form must be submitted.

Banking Information Form

Claim payments are made electronically by ACH. A Banking Information form, available from the Rolka Loube website, must be completed, signed, and submitted to Rolka Loube.

The Banking Information form should be submitted at the time of initial approval of a new reporting entity and following a change of banking institutions for current entities.

The Banking Information form must be signed with a wet signature of the authorized officer and uploaded to Rolka Loube as a PDF.

Preparing a State Reimbursement Request

Preparation of a Reimbursement Request requires the following activities:

1. Starting the Request Summary
2. Entering Consumers information
3. Entering Distributed and Demo Equipment
4. Entering Request Details
5. Providing Supporting Documentation
6. Reviewing Summary Worksheets
7. Finalizing the Request Summary

Starting the Reimbursement Request Summary

To start the Reimbursement Request Summary worksheet:

1. Enter program and request information in the first section of the form.

Figure 3 Reimbursement Request Summary Worksheet

2. Select the Entity name.
3. Enter contact information for the person completing the form.
4. Select the expense Period and Program Year based on the requested filing frequency and schedule. See [Filing Frequency](#) and [Submission Schedule](#).
5. Select the State/Territory.
8. The Cost Summary data under “Reimbursement is requested for the costs associated with:” is automatically populated based on details entered on other worksheets. After the other worksheets are populated, the summary should be reviewed and signed by an

authorized signer in the Request Attestation section. See [Finalizing the Request Summary](#).

Note: Do not enter values or make changes to the cost summary on the Request Summary worksheet. All expenses must be entered on the Request Details worksheet. See [Entering Request Details](#).

Enter Consumer Information

The Consumer worksheet contains information about the consumer and the individual attesting to their eligibility for the program.

1. For each consumer (equipment recipient), enter the following:
 - Consumer ID - The consumer ID must be a unique combination of numbers and or letters for each individual and must match the associated Consumer ID entered on the Request Details and Distributed and Demo Equipment worksheets
 - First name
 - Middle Name – Middle Initial only is suitable
 - Last Name
 - Date of Birth
 - Street address
 - Email address
 - Telephone number

9. For the person attesting to the disability of the recipient, enter the following:
 - Full name
 - Business Name
 - Street address
 - Email address
 - Telephone number

Entering Distributed and Demo Equipment

The Distributed and Demo Equipment worksheet contains information about the equipment distributed to consumers or purchased for demo purposes for this filing period. This section is required for all equipment costs (categories 9-20).

To complete the Distributed Equipment worksheet, enter the following data:

- Consumer ID - Must match the associated Consumer ID entered on the Consumers worksheets. If the equipment is for demo purposes, enter “DEMO” into the field.

- Equipment ID - The equipment ID must be a unique combination of numbers and/or letters for each piece of equipment on this reimbursement request, regardless of whether the equipment is distributed or for demo. This value must match the associated Equipment ID entered on the Request Details worksheet.
- Assessment Date – First date the consumer was assessed for the need of this piece of equipment.
- Date installed
- Name of item – Typically the manufacturer model name
- Brand
- Serial number, if applicable
- Function –If the equipment does not match any of the functions available in the drop-down list, you may enter a new function.
- Device - **Yes** or **No**. A device is considered a stand-alone piece of equipment that makes communication accessible to a consumer. It does not include software, accessories, peripherals, or warranties. If an item requires another piece of distributed equipment to function, it is not considered a device.

The following table provides more specific guidance.

Function	Device
Accessories	No
Braille - Display	Yes
Braille - Notetakers, Multipurpose Devices	Yes
Hardware - Computers & Laptops	Yes
Hardware - Extended Warranty	No
Instructional Materials	No
Magnifiers - Optical / Handheld	No
Magnifiers - CCTV & Electronic	Yes
Mobile / Cell Phones	Yes
Mounts & Switches	No
Amplified phones	Yes
Video Phones, Captioned & Fax	Yes
Signalers	No
Software - Support, Upgrades, Maintenance	No
Software - Smartphone / Tablet Apps	No
Software	No
Tablet	Yes

- Cost – Before taxes and shipping. (Taxes and shipping may be entered together as a separate line item on the Request Details tab.)
- Number of days between the assessment of need and delivery of equipment - Day zero is the assessment date and the last date is the day of delivery. (For example, if an assessment was performed on 7/5 and the equipment delivered on 7/16, the number of calendar days would be 11.) If the Assessment Date and Date Installed have both been entered, the number of days will automatically populate.

Note: Consumer name is automatically populated when a Consumer ID is added. You are not required to type the Consumer’s name.

Entering Request Details

Individual costs must be entered into the Request Details worksheet. Entering the values on the Request Details worksheet will tally and automatically populate the totals onto summary worksheets.

Data can be input on an on-going basis as invoices are received. Line numbers do not need to be entered sequentially.

You may copy and paste data into cells if the data is in the correct format. See [Fields in State Reimbursement Request Form](#) for the data specifications for each field.

See [Cost Categories for Eligible Expenses](#) and [Expenses Not Reimbursable by the NDBEDP](#) for more information on what may or may not be submitted for reimbursement. These lists are not all inclusive.

To complete the Request Details worksheet:

1. Enter the Consumer ID, if applicable. The consumer ID on the Request Details worksheet must match the Consumer ID entered for the associated Consumer and Distributed Equipment. Consumer ID is not required for Outreach, Demo Equipment, or Administrative Costs.
2. Enter the Equipment ID, if applicable. The equipment ID on the Request Details worksheet must match the Equipment ID entered for the associated Distributed Equipment or Demo Equipment. Equipment ID is not required for Assessment, Outreach, or Administrative Costs.
3. Enter the Category Number for the allowable expense. This number can be selected from the drop-down or typed into the cell. See the [Cost Categories for Eligible Expenses](#) appendix for more information to review the cost category number for each of the allowable expenses in the following ranges:

1-8	<i>Assessments</i>
9-20	<i>Equipment</i>
21-30	<i>Installation and Training</i>
31-36	
	<i>Outreach</i>
37	<i>Demo Equipment</i>

Administrative Costs

10. Depending on the Category Number selected, the Activity Type cell is populated for the line item. The Activity is a more granular breakdown of the Category.

- If Category Number 13 is selected, then the Activity Type field is colored red and displays the word **Required** to indicate that Upgrade or Maintenance/Repair must be selected for the Activity Type. Do not select any values other than Upgrade or Maintenance/Repair for this category.
- If Category Number 23-29 is selected, then the Activity Type field is colored red and displays the word **Required** to indicate that Installation or Training must be selected for the Activity Type. Do not select any values other than Installation or Training for this category range.
- If Category Number 37 is selected, then the Activity Type field is colored red and displays the word **Required** to indicate that Equipment or Maintenance/Repair must be selected for the Activity Type. Do not select any values other than Equipment or Maintenance/Repair for this category range.

4. Identify and enter the support document page that corresponds with the consolidated PDF. If the invoice is multiple pages, then enter the start page.

Note: Label the supporting document page with the appropriate line number from the Request Details worksheet.

5. Enter the date the activity was performed or the last day the activity was completed, if applicable (e.g., assessment date, maintenance and repair date, training date, date installed, etc.). If the line item is Equipment, enter the invoice date found on the invoice support document.

6. If the Activity Type is populated based on the Category you selected, then do not change the Activity Type for the line item.

- a. If the Activity Type is shaded red because you selected Category Number 23-29, then select Installation or Training from the drop-down list.
- b. If the Activity Type is shaded red because you selected Category Number 13, then select Maintenance/Repair or Upgrade.
- c. If the Activity Type is shaded red because you selected Category Number 37, then select Equipment or Maintenance/Repair.

7. Enter the time in hours, if applicable to the category and activity. Time includes labor hours, not travel time. Time might not be required even if the field is editable. Time is not recorded for consumer travelers.

8. Enter the amount to be reimbursed for this line item.

9. Enter a description for the line item.

- For line items with supporting documentation, use specific descriptions, which correspond to the support documents, such as invoice number, store receipt reference, staff timesheet, etc.
- For Outreach line items, include the name of the event or description of effort taken.
- For upgrades, describe the nature of the upgrade.

Note: Tax and shipping for multiple line items on an invoice may be entered together on a single line.

Note: Category Number, Support Document Page Number, Date Performed, or Equipment Invoice Date and Amount are required and must be filled in correctly in order for the line item to be tallied in the summary sheets.

Providing Supporting Documentation

All reimbursement requests for the NDBEDP fund must be submitted with documentation supporting the requested amounts within each cost category.

Types of Support Documents

The supporting documents include product and services invoices and receipts, staff time, travel-related costs, including mileage records and receipts for rental cars, tolls, food, lodging, airfare etc.

Documentation may include but is not limited to:

- Invoices – Equipment, Aids, Travel, Materials, etc.
- Timesheets
- Bills – Administrative (rent, utilities), etc.

Note: Purchase orders are not acceptable as supporting documentation.

Preparation of Documentation

Supporting documentation must comply with the following:

- Compile the support documents into a single PDF. For large sets of support documents, the PDF may be broken out by category and labeled accordingly.
- Number supporting document pages sequentially.
- Enter the PDF page on the corresponding line item in the Request Details worksheet.
- Label the program-related cost on the supporting document with the line number from the Request Details worksheet.
- For each cost category, provide a cover sheet before the supporting documents that provides the following information from the Request Details worksheet:
 - Line #

- Support Document Page #
- Invoice Date in Support Document - Date Cost Incurred
- Description of Cost – Can include but is not limited to client name, invoice #, employee name, consumer name, sales receipt company name, bill company name
- Amount

Sample Supporting Documentation

Examples of supporting documentation with proper pagination and labels are available on the [NDPEDP program area](#) of the Rolka Loube website or by accessing the links below.

Reviewing Summary Worksheets

The following worksheets contain compiled data. You may review the compiled data, but do not alter the values.

- Assessments
- Equipment
- Installation and Training
- Outreach
- Administration
- Request Summary

Finalizing the Request Summary

To complete the Request Summary worksheet:

1. Enter or review contact and program information.
 - a. Verify that all line items on the Request Details worksheet were incurred during the reporting period and program year entered on the Request Summary worksheet.
 - b. Confirm that all expenses submitted on the Request Details worksheet are eligible. See [Cost Categories for Eligible Expenses](#) and [Expenses Not Reimbursable by the NDBEDP](#) in the appendix.
 - c. Check that supporting documentation has been included for each line item on the Request Details worksheet, as necessary, that the item has been included in the compiled PDF, the PDF pages are numbered sequentially, and that the line item is

labeled on each support document. See [Providing Supporting Documentation](#) for more information and links to examples.

2. Review the cost summaries based on the details entered on the Request Details worksheet.
 - a. Ensure totals appear to be tallied correctly.
 - b. Verify submissions are within the constraints identified in the [Submission Guidelines](#).
3. Enter the Authorized Signer's name and title and the date to be signed.
4. After completing all other required worksheets and verifying the automatically populated values, print the Request Summary worksheet.
5. Obtain a wet authorized signature and create a PDF to submit to Rolka Loube with the workbook.

Submitting Forms and Documentation

Rolka Loube is using BOX for the secure transmission of files containing confidential data or PII. Do not submit any reimbursements or documents with PII via unsecured email.

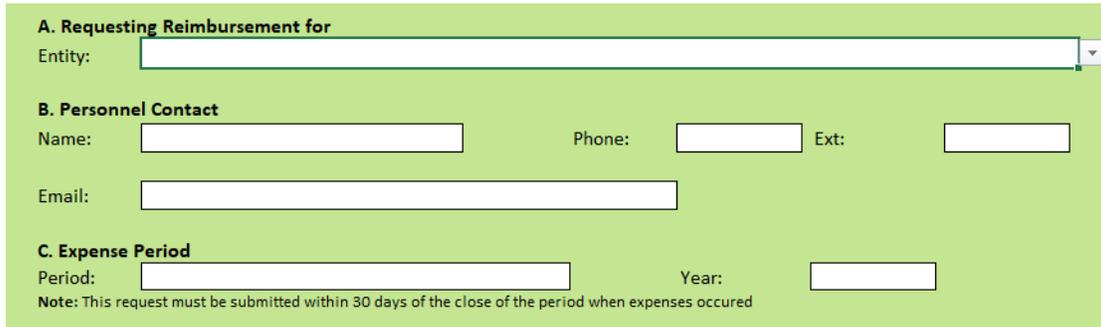

To submit a completed filing:

1. Name the form (Excel file) using a standard naming convention.
ST_Program-Year_Expense-Period_mmddyyyy
Example: PA_2020-2021_Jan-Jun_06302021
2. Name all other supporting documents using plain English to indicate their purpose.
Examples: Support_Doc_Receipts.pdf or StaffAdminTime.xls
3. Compress all of the files in the submission package into a ZIP folder using the standard naming convention: **ST_Program-Year_Expense-Period_mmddyyyy**.
4. Visit [BOX.com](#) and log in with your BOX credentials. After logging into BOX, you will see a folder for NDBEDP and the option to upload files to this folder.
5. If you do not have credentials for BOX or have any other issues, then please contact Rolka Loube's NDBEDP team. See [Support](#).

Reimbursement Request Workbook

The Reimbursement Request workbook contains worksheets designed for data entry as well as summary worksheets that automatically populate based on entered data. Other tabs provide reference information used to populate drop-down lists. The following table describes the worksheets and indicates the purpose of the worksheet.

Table 2 Reimbursement Worksheet Descriptions

Worksheet	Purpose	Description
Request Summary	Data Entry and Summary	This worksheet includes some required fields as well as summary information that is populated based on data entry in other worksheets. The required fields for data entry are white. The summary fields are colored. This worksheet should be printed, signed, and submitted as a separate PDF.
Assessments	Summary	This worksheet summarizes data entered on other worksheets.
Equipment	Summary	This worksheet summarizes data entered on other worksheets.
Installation and Training	Summary	This worksheet summarizes data entered on other worksheets.
Outreach	Summary	This worksheet summarizes data entered on other worksheets.
Administration	Summary	This worksheet summarizes data entered on other worksheets.
Consumers	Data Entry	Worksheet to enter detailed information about consumers. This data will be used to automatically populate other worksheets.
Dist and Demo Equipment	Data Entry	Worksheet to enter detailed information about distributed and demo equipment.
Request Details	Data Entry	Worksheet to enter detailed data pertaining to the reimbursement request.
Instructions	Information	This worksheet contains guidance regarding eligible costs.

Cost Categories for Eligible Expenses

Cost Categories are organized into the following number ranges:

Table 3 Cost Category Ranges

1-8	<i>Assessments</i>
9-20	<i>Equipment</i>
21-30	<i>Installation and Training</i>
31-36	Outreach
37	<i>Demo Equipment</i>
38	<i>Administrative Costs</i>

The following sections detail the allowable expenses in each category and the corresponding number to classify the expense on the Request Details worksheet. Also see [Expenses Not Reimbursable by the NDBEDP](#) for ineligible expenses and constraints.

Assessments

Individualized assessments of applicant eligibility and communication needs:

Table 4 Eligible Expenses for Assessments

Cost Category Number	Description
1	Costs associated with verifying applicant eligibility, both deaf-blind disability and low-income requirements, regardless of outcome, eligible or not eligible.
2	Time spent by technology specialists conducting communications assessments for the determination of appropriate equipment to meet needs. Includes time with consumer, equipment evaluation and report writing.
3	Assessors' expenses travelling to consumer location to conduct assessments including transportation costs, costs of hired drivers, lodging and food. Excludes assessor travel time.
4	Auxiliary aids: All costs incurred by interpreters and support personnel including service time, travel time and travel costs.
5	Other expenses related to eligibility and communications assessments.
6	Cost of assessors' time travelling to consumer location.
7	Intra-state travel expenses incurred by consumers travelling to an assessor site within their home state for assessment.
8	Inter-state travel expenses incurred by consumers travelling to an assessor site beyond their home state for assessment. This requires pre-approval by the NDBEDP Administrator before the costs are incurred.

Totals for these categories are automatically populated on the Assessments worksheet.

Equipment

Consumer equipment and related items to make telecommunications service, Internet access service, and advanced communications, including interexchange services and advanced telecommunications and information services accessible to eligible low-income individuals who are deaf-blind:

Table 5 Eligible Expenses for Equipment

Cost Category Number	Description
9	Specialized hardware purchased for consumers necessary to accommodate deaf-blind telecommunications; equipment which would not be purchased by or for persons without special communication needs.
10	Devices purchased "off the shelf" for consumers, which could be purchased by or for persons without special communication needs. Includes equipment that is subsequently modified for accommodations.
11	Software applications; includes software maintenance agreements.
12	Cost of hardware and software to upgrade existing consumer equipment.
13	Expenses incurred by technicians to travel to perform equipment repairs and upgrades including the cost of travel time and transportation, hired drivers, lodging and food.
14	Cost of equipment warranties. Time and materials costs for maintenance, repair, and refurbishing consumer equipment, handling broken equipment under warranty, returning of equipment no longer needed.
15	Accessories or peripherals: cases, cables, keyboards, clamps, monitors, printers, etc., required to enable the individual to use and access the provided telecommunications equipment.
16	Items that alert individuals to incoming communication through the distributed equipment.
17	Equipment shipping expenses and sales tax.
18	Partial payment for a piece of NDBEDP equipment when another entity pays remaining balance. (There must be a clear delineation between the multiple funding sources in all reporting to the FCC and the Administrator.)
19	Batteries or upgrades for equipment that was not distributed by the NDBEDP.
20	Other types of equipment that make telecommunications service, Internet access service, and advanced communications accessible to individuals who are deaf-blind.

Totals for these categories are automatically populated on the Equipment worksheet.

Installation and Training

Installation of equipment and individualized consumer training.

Table 6 Eligible Expenses for Installation and Training

Cost Category Number	Description
21	Cost of technician time spent installing equipment and/or software.
22	Cost of technician time spent training consumers on equipment and/or software. See Expenses Not Reimbursable by the NDBEDP for training not qualified for reimbursement.
23	Installer/Trainer expenses incurred travelling to consumer location to perform installs and training including transportation costs, cost of hired drivers, lodging and food, but excluding travel time.
24	Instructional materials in an accessible format that are necessary for the use of the distributed equipment Note: The NDBEDP will not reimburse the cost of making user manuals or guides used with mainstream or specialized equipment accessible because manufacturers and service providers must ensure that the information and documentation that they provide to customers is accessible.
25	Auxiliary aids: All costs incurred by interpreters and support personnel including service time, travel time and travel costs.
26	Other expenses related to installation and training.
27	Cost of installer/trainer time travelling to consumer premises.
28	Intra-state travel expenses incurred by consumers travelling to a Certified Program site within their home state for installation or training.
29	Inter-state travel expenses incurred by consumers travelling to a Certified Program site beyond their home state for installation or training. This requires pre-approval by the NDBEDP Administrator before the costs are incurred.
30	Train-the-trainer: Costs to provide education for trainers. A maximum of 2.5% of the total state allocation at the time of claim reimbursement is permissible.

Totals for these categories are automatically populated on the Installation and Training worksheet.

Outreach

State and local outreach and education – soft cap of 10% of the total or adjusted annual allocation at time of claim reimbursement permissible, unless approved in advance by the NDBEDP Administrator.

Table 7 Eligible Expenses for Outreach

Cost Category Number	Description
31	Participating in outreach and education events. This includes workshops, conferences, exhibit booths, and registration fees. Also includes responding to program inquiries.
32	Development and production of program information such as flyers, application forms, PSAs, advertisements, and press releases.
33	Development and maintenance of an accessible program website.
34	In-state travel expenses for outreach personnel including travel time, transportation, hired drivers, lodging, and food related to attending outreach events.
35	Auxiliary aids: All costs incurred by interpreters and support personnel including service time, travel time and travel costs.
36	Other expenses related to outreach and education.

Totals for these categories are automatically populated on the Outreach worksheet.

Demo Equipment

Cost of equipment purchased to loan to consumers when their assigned equipment is being repaired, assess consumers' needs, train users, or to use for outreach demonstrations. This includes maintenance of this equipment. These equipment costs may be assigned to the following cost categories.

Table 8 Eligible Expenses for Demo Equipment

Cost Category Number	Description
37	Costs for purchasing of an inventory of equipment and the maintenance of this equipment, used to loan to consumers when their assigned equipment is being repaired, to assess consumers' needs, to train users, train the trainer or for outreach demonstrations.

Totals for this category are automatically populated on Line 37 of the Request Summary worksheet.

Administrative Costs

Staff time spent on program oversight, interpreters for staff meetings, cost of office supplies, and the percentage of the facilities expenses attributed specifically to the NDBEDP.

- Accounting
- Regular audits
- Reporting requirements
- Program oversight
- Attending monthly national calls
- Payments for use of a database
- Scheduling of consumer appointments, outreach events and any other scheduling of activities.
- Development of program documents for internal use, such as forms for verification of disability and low income
- Interpreters for staff in conjunction with administrative duties
- Cost associated with maintaining physical facilities for administration, maintaining an inventory of demonstration equipment to conduct assessments, demonstrate equipment, or provide training
- Office supplies specific for use in program operations
- Other expenses related to program administration not included in any other category

The 15% is calculated on the initial annual allocation for the current Program Year, or the adjusted allocation if there has been a reallocation of funds.

These administrative costs may be assigned to the following cost categories.

Table 9 Eligible Expenses for Administrative Costs

Cost Category Number	Description
38	Administrative costs related to this program

Totals for this category are automatically populated on Line 38 of the Request Summary worksheet.

Expenses Not Reimbursable by the NDBEDP

- Costs that exceed the certified program's annual funding allocation.
- Train-the-trainer expenses that exceed more than 2.5% of the certified program's annual or adjusted allocation at the time of claim reimbursement.
- Separately invoiced training of family members, personal attendants, or others who might provide support on how to use and maintain the distributed equipment. Others may be trained on how to use and maintain the equipment if such training occurs at the same time as the training for the equipment recipient and there is no additional cost incurred for training additional people.
- Telecommunications, broadband, or other advanced communications services.
- Equipment or devices that facilitate other life functions (e.g., hearing aids, wheelchairs).
- Teaching Braille.
- Teaching English or other language skills, such as reading or writing.
- Teaching keyboarding skills or basic computer skills.
- Training to use equipment that was not distributed by an NDBEDP certified program.
- Converting equipment user manuals or guides into accessible formats.
- Assistive lighting unrelated to signaling devices to alert user to an incoming call.
- Administrative expenses that exceed 15% of the certified program's annual or adjusted allocation at the time of claim reimbursement.
- Outreach expenses that exceed 10% of the certified program's annual allocation at the time of claim reimbursement unless prior approval is granted.
- Interstate consumer travel expenses without prior approval of the NDBEDP Administrator.
- Other expenses determined not to be reimbursable by the FCC and/or the TRS Fund Administrator.
